

Snacks/Lunch:

We supply a healthy snack and water for all campers. Campers that are with us a full day are required to bring their own lunch and drink from home. Lunches will be refrigerated but no other kitchen appliances are available to campers.

Medications:

If your child requires any medications throughout the day, you may come and administer them. The Zoo will not do so.

Register Today!

See the website or Gift Shop for upcoming camps and forms.

The Texas Zoo offers many other educational programs including birthday parties, Zoo Snoozes, and much more! Please visit texaszoo.org for more details!

ZOO CAMP

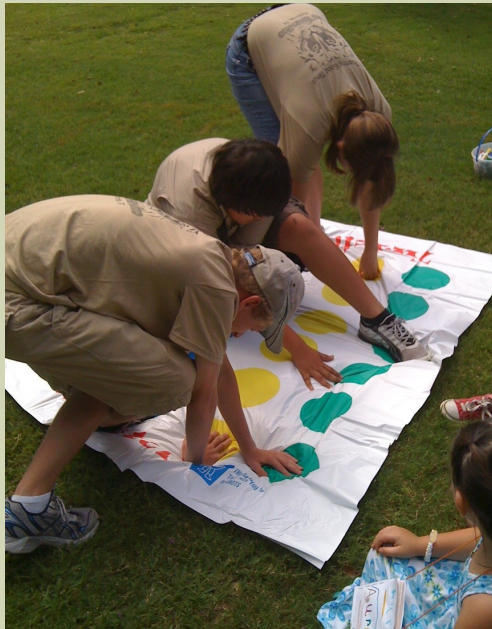

Learn to appreciate the natural world through fun, educational activities.

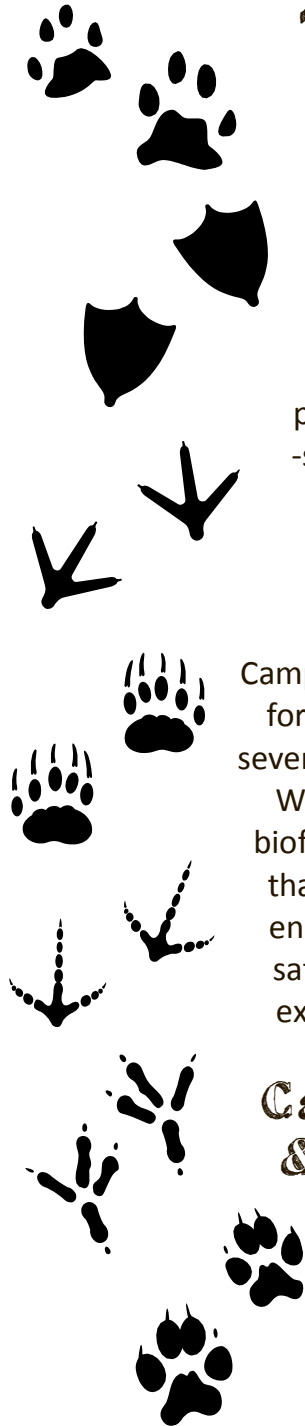

The Texas Zoo

is dedicated to connecting people with wildlife, inspiring caring for nature, and advancing conservation through education, recreation, science, and action.

By The End Of Camp

Your child will have gained a new level of respect and knowledge for the world surrounding them. They will have seen the entire Zoo through a combination of indoor/outdoor activities.

The Learning Process

Activities:

We try to spend as much time exploring the Zoo as possible; however, a large portion of their day will be spent inside, playing games, working problem-solving activities and making arts and crafts.

Animal Contact:

Campers will have the opportunity for an up-close encounter with several of our educational animals.

We also provide a plethora of biofacts (shells, pelts, bones, etc.) that your children may touch to enrich their experience. For the safety of all direct contact with exhibit animals is not possible.

Camp Schedules & Information

Camps are offered during the three major school break: Summer, Winter, and Spring break. Prices and schedules vary with individual camps.

Extended Care

Extended care is available to full day campers. This offers care for the hour prior to camp and the two hours after. This is not an extension of camp but rather a supervised playtime. Pricing varies by camp.

Arrivals & Departures

Please note that the individuals dropping off and/or picking up campers must be designated. These individuals must provide a valid photo ID when signing in and out campers.
